

Installing Eye Tools

Document: 00125 Last edited: 12/4/09

The *eye tools* program is conveniently available for download from the website www.eyetalk.com.au.

1. Download

To **download** the *eye tools* program...

- ◆ Go to www.eyetalk.com.au
- ◆ Select *Download Installer*.
- ◆ Select *Save* and navigate to a logical location on your hard drive for the file to be stored. *OK*.

2. Install

To **install** the *eye tools* program...

- ◆ On the Windows Desktop go to *Start* (lower left corner), then *Run*.
- ◆ *Browse* the hard drive to the location where the file was saved above.
- ◆ Select the file *setup.exe* and then *Open*.
- ◆ Follow the prompts to complete installation.

Figure: *Start*, *Run*, then *Browse* to the file required

3. Activation

After installation is complete...

- ◆ Start *eye tools* from the desktop icon.
- ◆ The license for the *eye tools* program is already activated until the end of the year shown on the main menu.
- ◆ When the license expires, download the latest version of the program and re-install.
